

## Arcade mode

Can you imagine a life, where you are born into intrepidness  
You're known for displaying courage, got the assets and looks no less  
No need, to suffer consequences, because there are none  
Adjust the degree of difficulty, heroics are easily done.

Chorus:

Let's all switch to arcade mode  
Easy handling, endless coins  
Switch our lives to arcade mode  
Simple physics, flashy looks  
Where we are highlights  
And our funds are limitless  
Where fun is instant  
No voice of restraint  
We take a blow and just reload

Check my buzz, my pulse-beat  
Breaking supersonic-speed  
Life is good in arcade mode  
Check my force, my bad-ass moves  
How I always raise the roof  
Life is good in arcade mode  
Check my smarts, check my knack  
Check my everything you lack  
Life is good in arcade mode
